

TSCA Title VI Compliant / CARB II Certification

This product meets TSCA Title VI / CARB Phase II ATCM 93120.3 for formaldehyde emissions.

Doormerica American Series and Millennium Doors are designed and manufactured to tough environmental standards. All of our doors must comply with the EPA (Toxic Substances Control Act) TSCA Title VI / CARB (California Air Resources Board) II standard for Formaldehyde emissions. This standard is implemented on all products that contain particleboard or MDF (medium density fiberboard).
